RIVER TAKES MORE TOLL

Cumberland at Record Stage

Added Hundreds Forced to Flee Widening Flood at Nashville

NASHVILLE (Tenn.) Dec. 28. (AP)—The Cumberland River, sweeping through Nashville in the most devastating flood in the city's history, spread over a wider territory today, forcing additional hundreds to join the several thousand homeless who had fled from the surging waters.

The river, rising one-tenth of a foot an hour, had reached fifty-five feet late today, within three-quarters of a foot of the record stage of 55.3 feet in 1882. A stage of between 55.3 and 56 feet has been forecast by the Weather Bureau here, and is expected to be reached Friday or Saturday.

Three hundred families were moved from their homes today, J. W. Smith, Chief of Police said. The police department estimated that 500 city blocks are affected by the backwaters. Between 400 and 500 persons have been driven from their homes, principally in North and East Nashville and in the surrounding suburbs.

Because of hurried preparations taken, Chief Smith said he does not believe there will be any loss of life. Simultaneously with the removal of the flood waters from their water-damaged homes, relief agencies began functioning. The County Charities Commission, swamped with applications for food and clothing, today appealed for \$10,000 additional relief funds.

Train service on the Tennessee Central Railroad out of here was virtually at a standstill. The Nashville, Chattanooga and St. Louis was tied up at Stone River.

Street-car and vehicular traffic in the city was hampered, the latter by the New York Evening Telegram's report that the bridge over the river here, the Waterway bridge, was being washed away by the flood.

HUGE ROAD SUM ASKED

State's Budget \$20,000,000

Use of Any Part of Gas Tax for New Highway Work Opposed

SAN FRANCISCO, Dec. 28. (AP)—The State Highway Commission, through its chairman, Harvey M. Toy, today filed with Governor-elect Young a proposed budget calling for a \$20,000,000 highway program during the next biennium.

"No part of the existing gas tax and motor vehicle revenue, now used only for maintenance and reconstruction, should be diverted to the construction of new State highways," was one striking statement in the letter accompanying the budget.

"The situation now facing the highway administration is that the construction of new highways is practically at a standstill, with most of the State highway system still unimproved," the letter continued.

"Two years' allotment of aid from the Federal government, amounting to about \$3,000,000, is the only money which will be available for highway construction under existing laws."

"The highway system now under construction is estimated to cost \$20,000,000, and the State Highway Commission, through its chairman, Harvey M. Toy, today filed with Governor-elect Young a proposed budget calling for a \$20,000,000 highway program during the next biennium."

COOLIDGE URGES AMERICA TO CRUSH MARTIAL SPIRIT

President Warns That World May Slip Back Under Military Yoke Unless Nation Prevents It

TRENTON (N. J.) Dec. 28. (AP)—President Coolidge tonight affirmed his faith in America as being "strong enough and brave enough" to take "independent action" to resist "another domination of the world by the military spirit."

Speaking at the sesquicentennial celebration of Washington's crossing of the Delaware, the President painted a word picture of the hardships and privations endured by the Continental Army on that cold snowy night and said, if necessary, the America of today must undergo similar sacrifices.

"Washington and the patriots of his day wanted peace," he said. "We want peace. They found it necessary to make great sacrifices in order to obtain it. We must accept the same responsibilities."

"The world has been striving to advance in this direction, to discard the old theory of relying entirely on force and to adopt the method of relying more on reason. We are in danger of slipping back under the old formula. The habits and traditions of ages call us to this direction."

"We cannot establish the new principle unless we are willing to make some sacrifices, unless we are willing to put some courage into our convictions."

"While 'moral disarmament' is necessary to obtain definite and permanent peace in the world, the President asserted that the attainment of such an object, in view of the present mentality of mankind, would require the use of force."

"The President asserted that the attainment of such an object, in view of the present mentality of mankind, would require the use of force."

HOLMES CERTAIN TO PLAY NEW YEAR'S

HOLMES CERTAIN TO PLAY NEW YEAR'S

ALABAMA CENTER READY FOR CARDINAL CONTEST

Star Lineman Goes Through Speedy Drill

Dietz Thinks Stanford Will Win Over Tide

BY HEAVEN DYER

Unless his right appendix starts acting up again between now and Saturday, Gordon (Sherlock) Holmes will play against Stanford when the Redshirts at the Rose Bowl.

This was the word from Coach Wallace Wade following yesterday's workout which was the first Holmes has taken with the team in more than a week.

The Crimson Tide center arrived late Tuesday night from El Paso, Tex., where he had been confined since last Thursday with an attack of appendicitis. Holmes was accompanied by his wife, a bride of a few months.

"Holmes appears to be in good shape," said Wade, following yesterday morning's practice. "He has been laid up before with the same ailment, in fact, he was out for a long period before the Georgia game but managed to play through three quarters of that encounter."

Wade does not plan to start Holmes against Stanford, preferring to use "Dabe" Pearce, 260-pound guard at the pivot berth. However, Wade intimated that unless Pearce and Payne, the two sub centers, show a lot more stuff within the next two days he may change his mind and open the game with his regular pivot man.

The Alabama coach feels that his athletes have slowed down in the past two days and he wants them to speed up today and tomorrow.

With this end in view, there will be no more entertainment for the Crimson Tide, shows and sight-seeing trips are off of the date and nothing but football and sleep will be permitted from now until the time of the game.

Personally, we expect to see Holmes in there before the game is very old. If he doesn't, newspaper men continue him the best center below the M. A. A. Dixon line, his value to the team being found not only in his accurate passing but also in his already defensive work. Alabama's offense is tricky and fast. A poor pass here and there will do the boys up a lot, and, although both Pearce and Payne have shown splendidly in their work this season, it is no secret that the Alabama backs will feel more secure if they have Holmes shooting the ball to them.

SECRET PRACTICES

Yesterday's practice, as usual, was behind locked gates. Wade is taking no chances. He's had policemen at (Continued on Page 10, Column 3)

HELD OUT MANY

In the California slaughter, for example, Stanford used twenty plays, nine of them only once, and the quarterbacks either forgot all about the extra thirty-seven or else decided it was no use to drag them out when the others were working so well.

As for new plays, the Warner system is simple and effective. If the boys like 'em they are kept on the date, but if they don't "Pop" gives them something else.

Since the first Stanford workout here Monday afternoon the Warner (Continued on Page 10, Column 3)

ALABAMA IMPRESSES JONES

Crimson Tide Displays Strength to Trojan Coach Despite Light Bowl Workout

BY HOWARD JONES

Head Coach U. S. C. Football Team

The Alabama football team which I had the opportunity of watching in its daily workout at the Rose Bowl yesterday, has in general, the appearance of being a good football team. As to how good they will be when it comes to playing the game Saturday with Stanford, only time will tell. It is very questionable if they have met any team during their 1926 football season which will give them the stiff competition that Stanford will furnish on New Year's Day.

The Alabama line from tackle to tackle no doubt has some edge over Stanford's line so far as weight is concerned. If any special qualifications could be given to them, they might be classified as the heavy type. The fact that none of these men carry any offensive luggage in the way of fat would indicate that their reputation as a team has not been gained without some basis. As to their muscular development and strength it would be impossible to gain any conception from such a light workout as the boys were put through yesterday.

If size, weight and appearance have anything to do with success or failure in football games, then Alabama should have at least an equal chance with Stanford in the coming contest. However, since speed, quickness and application of one's self play a much greater part in this game of football, I would prefer not to base my judgment on casual observation. It is possible that Alabama can score one or two touchdowns, but whether or not they can stop Stanford's variable offense can only be determined in the contest to come.

Stanford, in its games with Washington and California, made its largest gains inside and outside the defensive ends. Using Bogus, Hyland and Murphy, most of the time to (Continued on Page 10, Column 3)

Pyle's Famous Tennis Family Off for Texas

Flushed with the success of their efforts at the Olympic Auditorium Tuesday night the members of C. G. Pyle's troupe departed yesterday for San Antonio, Texas, where they are to make their first stand on an extended tour of the South.

The departures were a surprise. Mary Brown, Vincent Richards, Paul Peret and Howard Kinsey, the four guiding angels being none other than William Hickman Pickens, the talented news purveyor.

The entrepreneur of the troupe, the esteemed Mr. Pyle, remained here, there being several football games brewing in which members of his pickin' teams are expected to furnish opposition for home talent.

Beneficial returns from the Olympic management indicated a total attendance of something over 4000—a large crowd as turned out for the initial matches of the Pyle troupe in Madison Square Garden, New York.

BRUINS SPILL DOPE TO BEAT OREGON AGGIE FIVE, 32 TO 22

No. Bruins, 32; Oregon Aggie 22. Is not a printer's error, but just one of those things. Several hundred basketball fans flocked over to the Olympic Auditorium last night to see the Bruins lose his hide, and remained to witness the demise of the fast-traveling Oregon Aggie quintet in one of the fastest and best-played pre-season games to date.

Oregon rosters who paid their dollar to see the Bruins score another killing, as they were expected to do after disposing of the Hollywood Athletic Club, 27 to 20 on Tuesday night, certainly can count that dollar lost.

The Aggie started out like a million and soon had the Bruins tagging along behind a 16-10 lead. Capt. Grasp was displaying some high-class basketball, along with Savary and Burr, when Jack Ketchum got into action.

With the game apparently salted away, Ketchum tossed a pretty basket, but Grasp came right back to bring the count up. At that point Works pulled Julius Blum and put in Ralph Bunche at guard with immediate results. With Bunche feeding the ball, Ketchum dropped another action.

Tigers to Play Islanders at
Honolulu in 1928

Poly and L. A. High May
Stage Preliminary Clash

BY AL PARMENTER

Graduate Manager Phil Ellsworth of Occidental College announced yesterday that the Tiger grid schedule for 1927 has been completed.

The University of Hawaii football team for a two-year contract.

The Islanders will play the first game with Oxy in the Coliseum next Thanksgiving.

The Tigers making a trip to Hawaii for the return game on Christmas Day of 1928.

Both contests have been approved by the Occidental athletic committee, subject only to the approval of the Southern California Conference eligibility committee.

Hawaii has engaged in four games to date with Southern California Conference teams. Two such have been played with Pomona and Oxy.

The Tigers have lost both tilts, while Pomona has divided its two encounters with the tough island aggression.

POMONA SPLIT

In 1925 Pomona defeated the Hawaiian eleven at Pasadena, the second of a series of two games that was started by a Sagehen defeat at Honolulu in 1922.

In 1924 Coach Nichols took the Tigers to Hawaii where they were defeated. In 1925 the Islanders defeated the Eagle Rock team, 12 to 0, in the Coliseum in half of a double-header that also featured the annual high-school grid

BOREN UNDERGOES OPERATION ON KNEE HURT IN GRID GAME

Charley Boren, hero of the Stanford-U.S.C. game of 1925, is in the Methodist Hospital today getting ready to undergo an operation on an injured knee that may make him able to don a Trojan uniform next season. Boren was hailed as a coming star after his work in the Card fricas two years ago, but suffered a badly wrenched knee in a workout a few days later—similar to the injury that laid up Morley Drury—and was out for the rest of the season. He did not play during the 1926 season because of his injury. If he is patched up successfully he will try for an end berth next year.

and start for a making over the country's fastest auto racing track. The 1960 season will be the kings meet in the racing classic on the West.

We hundred sportsmen from Pomona will have the Saturday morning race on the home-town favorite, John-Vickers, a young boy 10 years of age who has the earmarks and makings of a great driver. Vickers drove the Los Angeles City of Angels in the 1959 season. He is now in the spot oval in the fast.

Don Knealey, world's champion at the wheel of the Hooker special which by the way, is the fastest dirt-track car, has been installed as the favorite. Lou Moore, Ben Francisco, and the other drivers, including Moore, Redlands, are also heavy favorites to cop the championship.

The races will start at 2 p.m. Saturday afternoon.

And again officials who are staging the races, announce the track

is one second faster than Ralph
Palma is ever able to drive
and that speedway.

is in great shape and everything
ready for the best program they have
staged to date.

SOCCERITES HAMPERED

Los Angeles Stars Unable to Play Against
San Franciscans at Louisa Saturday

The local eleven, which plays a series of two games against a picked team from San Francisco at Loyola Field next Saturday and Sunday will be out the services of two of its star players. Jimmie Allan, the gray fox who has been the main attraction of the team since he came to the Pacific Coast and the peer of halfbacks, and Watkins, rated the outstanding goalie in these parts, suffered injuries in the game played in San Francisco last Sunday which will keep them in the hospital for fully two months.

Two players conspires a veritable blow to the home guard, local or foreign, and the team that develops sufficient reserve strength to turn back the visitors from the night.

Ernest Copeland, who evicted from Hollywood, will substitute for Alan at center half. Copeland says the dashy style of game

It is a pleasant surprise to find a defense possessed by Allan in the distribution of the ball to his forwards, he is none the less a great halfback, and should be worthy sub for the silver-cupped Allan.

The Southland will have its share of polo this season if the plans of buying mallet wielders in these parts are according to schedule. The South Country Club officials announced that they are sponsoring a forty-three-day tournament handicapping poloists that will get under way Tuesday. The play will be held at the Midwick Club and men rating 4, 6, 8, 10, 12 and 15-goal handicaps will participate. It was also announced that squads representing Del Monte, San Mateo, Santa Barbara and George Gordon Moore's Cardinals of San Francisco will take part in a high-goal tournament played from Tuesday through January 30 to February 15.

**Squads Perfecting Attacks
for New Year's Clash**

"Navy Bill" arrived today from Chicago and immediately plunged into the task of whipping his huskies into shape in an effort to retrieve honors lost a year ago, when the West Team won by the margin of a single touchdown. The easterners went through more than three hours of hard practice. As has been the case since arrival, they confined their workout to the morn-

Coach Orin E. Hollingsberry also sent his western eleven through intensive training and from the number of plays rehearsed it is apparent that the West will have a more varied attack than the East.

Following the practice the western team selected "Wild Bill" Kelly, Monmouth state, as captain for the season.

A leader for the eastern eleven will not be chosen until an hour before game time.

BRUIN QUINTET DEFEATS AGGIES

(Continued from Ninth Page)

ner through the hoop and Armstrong dribbled through the Aggies to make the score 17 to 13 and then added another on a foul.

In the final minute of the half, Hetchum dropped two in succession to put the Bruins ahead, 30 to 19. Trap evaded the count, 30 up, and Jimmy Armstrong socked one through the hoop as the half ended.

Couch Caddy Works must have done some tall talking during the rest period, as the Bruins came back strong. Mille Young, last year's freshman center, started the Bruins off with a basket, and Balter hooped another. Bunche was playing a whirlwind game, leaving his own man to cover a free man, and breaking up the strong Aggie offense.

Young struck two more iron under the basket. Aase, substituting for Savory at center, hooped the ball for Oregon's only two points during the half. Walter sunk the final two points a few seconds before the gun to give the Bruins a most astonishing victory.

On Saturday night California is scheduled to take on the University Idaho five. The game will be

UTILITY OUTPUT
GAINS SHARPLYEarnings of Los Angeles Gas
and Electric UpProspect Good for Exceeding
Record of 1925Recent Unusual Cold Spell
Factor in Boost

Prevalence of unusually cold weather for this season of the year has boosted the gas and electric output of the Los Angeles Gas and Electric Corporation and is expected to bring the total earnings of the company for the current year to approximately the same as the 1925 record level, or nearly higher, in the opinion of W. E. Houghton, vice-president and treasurer of the company.

On the first day the output of gas of the company reached the unprecedented total of 147,595,000 cubic feet, an increase of \$5,040,000 over the previous high mark of 141,410,000 cubic feet established on the 8th inst. The high record of previous years was 108,498,000 cubic feet on December 28, 1925. For ten days in the current month, and nine days consecutively, the gas output has exceeded 100,000,000 cubic feet, while six days have surpassed the 1925 record.

NEW MARK SET

In the electrical department a new high mark of 917,397 kilowatt hours was established on the 28th inst., as compared with a previous high record of 757,440 kilowatt hours established December 18, 1925. The peak load of this year exceeded that of last year by approximately 17 per cent.

Gross earnings of the company for the eleven months ended November 30, last, were slightly lower than in the same period of 1925. Mr. Houghton said. This was brought about by the decline in gas output during several of the summer months. However, with the sale of gas in the last eight days running more than 100 per cent higher than in the same days of 1925, there is every indication that the company's earnings for this month will be sufficient to bring the year's total to the 1925 record. In every month of this year electric sales have exceeded the same month of 1925, an average increase of nearly 16 per cent.

In preparation for such a situation as this month has brought forth, the company began three years ago to make important improvements and extensions to its plants and equipment, with large outlays of capital.

To prepare for the future growth of this community and to provide for betterments to its facilities, the company will appropriate \$2,121 per share in 1929, or a total of approximately \$6,000,000 in 1929. A. E. Day, first vice-president and general manager of the company, said yesterday. This estimate is, however, only tentative, for a continuance of the present cold weather may make it advisable for even greater preparations in the coming year.

In the first eleven months of this year the company installed 20,121 gas and electric meters, bringing the total on November 30, last, to 469,593. Gas meters connected totaled 11,143 and electric meters added aggregated 8,978, a total of 37,191 gas and 132,404 electric meters.

Banner Copper
Year Predicted
by AuthoritiesReturning from a six weeks' trip
to eastern centers, Sidney Norman,
Los Angeles representative of James
J. Godfrey, president of Kay Copper
Corporation, said yesterday that evi-
dence is abundant on all sides point-
ing to unparalleled prosperity. Cop-
per men, he found, are cheerfully
inclined, and look for a gradual but
certain advance in the price of the
metal within the next year.

Of general copper conditions, Mr. Norman said, the situation in the United States and abroad is very favorable. In the first place, world consumption in 1928 established a new peace record for all time, with approximately 2,850,000,000 pounds compared with 2,831,400,000 pounds in 1927, or an increase of 18,600,000 pounds. Production also showed an increase from 3,700,000,000 pounds in 1927 to 3,866,974,555 pounds in 1928. In spite of the increase, however, it will be noticed that consumption just about kept pace during 1928, the final figure for the year running about 2,860,000,000 pounds, or 120 and is now selling around 121. Eighty thousand shares are outstanding, which are convertible into common at 107.52. Common stock quotations are around 113.

Elimination of the preferred dividend would improve the position of the common, and pave the way for the dividend for some time. The new policy of paying 2 per cent each year in stock in addition to the cash dividend is a policy of regular capitalizing earnings power through stock dividends, which ought to prove attractive to stockholders.

Famous Players is not the only one of the picture companies to enter the theater business on a large scale. Universal is a large owner of picture houses. Fox Film is engaged on an important building program, and the stockholders of the other two companies may also look forward to interesting developments through the theater end of the business.

COTTON MARKET

NEW YORK, Dec. 29. (Exclusive).—The cotton market was firmly held today, with a fair amount of new trade buying the feature in connection with some further shifting of straddle operations and occasional covering of shorts. No new sales were evident, except that southern spot markets are continuing to hold up, with nothing like the early year-end pressure expected in the offerings at current prices.

Outside liquidity also absent. The outlook for the dry-goods markets is considered decidedly better, with the future grain reports of the Census Bureau will not fully sustain the government's big crop estimate of 1,618,000,000 bushels.

These considerations are holding the market in a steady position. While bullish activity is being felt, there is nothing to indicate a renewal of any extreme weakness or drastic decline from the current level after the turn of the year.

The market had an easy opening, with prices gradually working off 6 to 8 points from yesterday's closing on some scattered profit taking by local and Wall-street traders in following the early decline in the stock market from yesterday's reaction, and sales, January sold at 12.91 cents, July at 12.87 cents and October at 12.84 cents. By early afternoon, however, most of this decline had been recovered, with March working back 12.80 cents, May at 12.86 cents, July to 12.81 cents and October to 12.80 cents.

Spot cotton at Liverpool was off 5 points from yesterday's advance, with middling there now 8.85 pence a pound. Futures there were 2 to 3 points above their closing prices of yesterday in the early trading, but reacted from profit taking and finished easy at net declines from 3 to 5 points on the near months to 8 and 6 for the late deliveries. These fluctuations compare with unchanged prices due.

NEW YORK BOND PRICES

NEW YORK, Dec. 30. (AP)—Except for the strong tone of government obligations, the bond market today reflected the general indifference of traders and investors to trading in these securities. Prices were steady, but new buying apparently was being held in abeyance pending a return flow of funds to Wall street if money conditions become easier next year.

Activity in the government list was less pronounced than yesterday, but the Treasury was able to climb to a new high level above 100. The 4-7-10 also held for a time above 110, but were forced to absorb realizing sales. Liberty bonds were held steady on a reduced volume of trading.

The establishment of new high records by some of the French and German issues, including French government 7 1/2% bonds, and the Rhine-Ruhr 7 1/2% bonds, gave the foreign list a stronger appearance. Belgium 6% bonds matched their previous high and Japanese Power bonds were aided by the formation of a new company which will be closely affiliated with the leading Japanese utilities.

Railroad issues made little progress, although a few issues developed independent strength. These included Baltimore and Ohio 4 1/2%, New Haven 5 1/2%, Chicago and Northwestern 5 1/2%, Seaboard adjustment 4% and Mobile and Birmingham 4%.

Granby Mining 7 1/2% resumed their advance with a 3-point jump and Warner Sugar 7 1/2% recovered a point.

The question of a new issue of bonds of the United States Steel Corp. was discussed, but no definite action was taken.

At the close of business December 31, 1926, at the rate of 10% of the share held, or 10% per annum.

At this rate the stock dividend is equivalent to about \$2.00 each per share per year based on the present market price of about \$20.00.

STOCK TRADING
TONE IMPROVES

(Continued from Twelfth Page)

In being held out in others that the New York Federal Reserve Bank and others will reduce their redaction rate in January.

INDUSTRIALS LEAD

Recovery in price was led by standard industrials, such as United States Steel common, General Motors, Alcoa, American Petroleum, and others, all of which closed 1 to 2 points higher. The strong buying support forthcoming for these issues when bear leaders renewed their attacks on the general list, led to extensive short covering in other quarters, some of it probably inspired by the belief that the reinvestment demand will act as a bullish influence. Heavy accumulation of Hudson Motors, which closed nearly 8 points higher at \$14.50, revived talk of possible merger. Although details were lacking, Wall Street was inclined to regard the bullish demonstrations in most of the other markets as a traditional "window dressing" on the eve of the opening of the New York Automobile Show. Rubber shares held up well, despite disappointing earnings report of the Fire company, showing profits well below those of a year ago.

OILS STRONGER

Oils moved upward under leadership of Marland and Union of California. Ralls advanced with industrial, but the entire as a rule were small. Southern Railway was one of the outstanding active and strong features in that group. Commodity prices were mixed. A further recession took place in wheat futures on selling inspired by reports concerning the size of the world surplus of the commodity. Cotton and coffee prices were slightly better, while raw sugar was unchanged. Call money held steady at 5 1/2 per cent all day. Time money and commercial paper rates were unchanged. Foreign exchanges displayed a firm undertone, with the dollar and French quoted just under 46.50 and 160 francs around 3.55 cents. Other rates were nominal.

Auto Crashes

ing in Los Angeles some of the most serious accidents of the year. The latest of these was the crash of a Buick sedan on the Pacific coast highway near the city limits, which resulted in the death of the driver and the injury of two passengers.

Divorce News Fails to Move Barthelmess

Word that his wife, Mary, had obtained a divorce from him in Los Angeles, failed to move Barthelmess from his home in New York. He is still in the city, and is expected to remain there for some time.

ACTION SOUGHT IN BRIDE DEATH

Long Beach City Business Men to Ask Sheriff's Aid

Officers of Police to Capture Husband Brings Move

Assignment of Deputies for Search Will Be Asked

A "Times" Staff Correspondent LONG BEACH, Dec. 29.—Failure of the Long Beach police department to capture the husband of a bride who was killed in a recent accident, has brought about a move on the part of the city business men to ask the sheriff's aid in the search for the fugitive.

WARRANT ISSUED

Murphy's asserted victim, whom, it is alleged he brutally beat and cut, was killed on the night of November 30, 1925, at a hotel in Long Beach.

A team of Murphy's movements revealed that he remained in Long Beach almost forty-eight hours going to San Francisco where he arrived on the night of December 1st.

A visit to his employer in the Long Beach building in Los Angeles on the night of the murder, the day before his death, a day at a San Francisco hotel and a sudden flight to San Diego, where, on the morning of the 11th, he was reported to have been seen by a San Diego newspaper.

Murphy arrived in San Diego on the morning of the 11th, and was seen by a San Diego newspaper on the 12th, the day after his flight from Long Beach.

Dishes of new delicacy from Tillamook cheese

GET the attractive recipe booklet compiled by Miss Alice Bradley, cooking editor of the Woman's Home Companion. It's yours for the asking.

"We especially like Tillamook," says Miss Bradley, "it's so different from ordinary cheese." You'll like it, too; not only for its exceptional flavor and richness, but for the fine golden crust it lends to au gratin dishes and the fact it can be made into creamed dishes without turning stringy! Try a Tillamook rarebit or those good Tillamook relishes. In Miss Bradley's book there are also other new ideas for tasty bites or studied menus. Write for the recipes.

"Good old Cranberry Time"

Time of good living. Your family is missing something if you do not serve on your table some of the many delicacies made from cranberries.

NEW JERSEY CRANBERRIES

Did you know that the finely flavored New Jersey cranberries are just as delicious with head, lamb, pork or veal as they are with turkey? Try cranberry sauce with your next roast and see. Then you'll get the habit. All your good meats will taste better.

Cranberry Jelly
2 qts. cranberries, 1 qt. water, granulated sugar—Cook the cranberries and water together until the fruit is tender; strain through a jelly bag; measure the juice, and to each quart add three-fourths pound of granulated sugar. Heat until the sugar is dissolved, but do not boil. Pour into jelly glasses and seal with paraffin wax.

Don't wait till turkey time. The very choicest are gathered, branded and distributed under this signature.

SOCIETY

BY JUANA REAL LUTY

The marriage of Miss Anna May Ribbet, charming young daughter of Mr. and Mrs. Herbert A. Ribbet of Inglewood, to Frederick Laus Ribbet, son of Mrs. William F. Ribbet, was solemnized last evening in St. John's Church, Rev. George Davidson officiating. The church was ablaze with myriads of candles on the altar, while white chrysanthemums and ferns were combined in the decorations of the altar dais and body of the church.

The bride was given in marriage by her father and was most charming in a frock of white satin, the rail of tulle and rose points lace caught together by orange blossoms and she carried gardenias and lilies of the valley. Her sister, Mrs. Sydney Morrison, came up from Bakersfield, Cal., to assist as matron of honor at the ceremony, and was a gown of pale green georgette and white tulle, trimmed with tulle, and the hat in the same tones with tulle and plumes and she carried deep pink Columbia.

The other attendants were gown in frocks of georgette in different shades of pink from the palest flesh to the deep rose. They were Mrs. Alvin Norton (Wilma Ribbet), Mrs. Warner Ellis (Agnes Ribbet), Miss Nancy Ribbet and Miss Virginia Byrne. They all carried Columbia roses in the pale pink tones and wore guards and hats of the same shade of georgette as their gowns, trimmed in tulle.

Alden Lewis served Mr. Ribbet as best man, and the ushers were Ernest Klokke, Edwin Norton, Henry Shuler and Ray Hawn.

A reception at the home of Dr. and Mrs. Lloyd Mills in Leucine Boulevard followed the ceremony, after which Mr. and Mrs. Ribbet left for their brief honeymoon and in January are leaving for an extended visit in Mexico, and will make their future home at 334 South Craig avenue, Pasadena, after February 1.

The bride was graduated from the University of California, Southern Branch, and Mr. Ribbet holds his alma mater in the law college of the University of Southern California.

Beloved Affairs

One of the most popular bride-elect of the season is Miss Jeanette Lutton, attractive daughter of Mr. and Mrs. Cecil Raymond Lutton of Manhattan Place, whose marriage to Daniel Webster Ferguson is to be an event of January 20. Many charming pre-nuptial courtesies are being extended Miss Lutton before the wedding, and many affairs have already been given by her many friends.

The 4th inst., Mrs. William Reed,

Home Hints Entertainment

Of Interest to Women.

SOCIETY

Mr. Ferguson, entertained with a beautifully appointed dinner party in their honor at the Surf and Sand Club, Hermosa Beach, dancing being feature of the evening, and Tuesday, the 7th inst., Miss Maria Vandever was the charming hostess at a bridge-ten and miscellaneous show for Miss Lutton, the affair taking place at the Mary Louise. Miss Vandever and her mother, Mrs. Harry Vandever, recently returned from a year and a half of travel in Europe, and are stopping at the Spliffers Club in the Santa Monica Canyon.

Thursday, the 9th inst., Miss Carol Latimer, who recently returned with her parents, Mr. and Mrs. Howard J. Latimer, from a trip around the world, entertained with a bridge-luncheon at the California Yacht Club, honoring Miss Lutton, the decorations exquisitely carrying out the holiday theme with poinsettias, holly and red ribbons.

Saturday, the 11th inst., Miss Lutton was the hostess at the luncheon with which Miss Virginia Deardorff entertained at the Los Angeles Country Club, Miss Deardorff having been chosen as one of the bridesmaids in the wedding entourage.

Tuesday, the 14th inst., Miss Maria Marlow was most charmingly entertained at the Women's Athletic Club with a most attractive luncheon, given by the club members, and the 17th inst., Miss Helen Hawkins, a sorority sister of the bride-elect, entertained with a bridge-ten and show-er at her home, 1949 Chatterbox street, Hollywood, thirty guests having been bidden.

Saturday, the 18th inst., Mr. and Mrs. Potter Bowie entertained in honor of Miss Lutton and Mr. Ferguson with a dinner party, followed by an evening of bridge, thirty-two guests enjoying the affair, which was given at the home of Mrs. Bowie's parents, Mr. and Mrs. George O. Bowie, in Pasadena. The table decorations and all the appointments were typical of the Yuletide season, the guests being seated at an immense round table.

Tuesday afternoon, the 22nd inst., Mrs. Edgar F. Engstrom entertained with a bridge-luncheon at her home, 588 South Ardmore avenue, twenty guests being bidden. Saturday, January 3, Mrs. John A. Ferguson is planning a breakfast at the Women's Athletic Club in honor of her daughter-in-law to be, eighty guests having been bidden, and they will all be taken afterward to the matinee at the Belasco Theater. Mrs. Ferguson returned recently after having been abroad three years.

The same evening Miss Edna Louise Ruwe is entertaining with a bridge-supper at her home in Muirfield Road for Miss Lutton and Mr. Ferguson. These two affairs being the last courtesies which Miss Lutton will accept before the wedding, with the exception of the dinner which Miss Katherine Jean is planning for January 15, which is to be followed by the rehearsal at the church. Miss Katherine Jean is to be the maid of honor at the ceremony.

Wedding Announcements

Announcement is made of the marriage of Miss Jeanette Davis to Benjamin M. Schuman, the ceremony taking place Christmas night at the Biltmore, with Rabbi Edgar F. Magnin officiating. A wedding dinner for thirty guests followed the ceremony. Mr. and Mrs. Schuman will be at home to their friends at 330 South Citrus avenue until the latter part of January, when they are planning to take an extensive honeymoon trip through the West.

Wintering Here

Mr. and Mrs. William W. Wrigley, Jr., have arrived from their home in Chicago to pass the remainder of the winter in Southern California, and entertained a party of guests at their bungalow home in Catalina, over the Christmas week-end. Among the guests were Dr. Marcia A. Patrick, Mr. and Mrs. Amariah G. Cox of Chicago and Joseph Henry Patrick.

Christmas Luncheon

One of the lovely affairs of recent date was the luncheon with which Miss Christina Lotstedt of Pasadena entertained in the Chinese Room of the Mary Louise, the decorations and appointments carrying out the Christmas motif and those included were Mrs. M. L. Schriver, Mrs. C. D. Berline, Mrs. R. H. Huffer, Mrs. A. T. Staple, Miss Clara Patton, Miss Frances Taylor, Miss Opal Reinhardt, Miss Beulah Craig, Miss Ellen Graham, Miss Ruth Howard, Miss Bertha Stein, Miss Anna Schrauber, Miss Vivian Hewitt, Miss Louise Howard, Miss Margaret Schorr, Miss Grace Westphal and the hostess.

Home Wedding

Miss Margaret L. Vollman, daughter of a prominent Alaska mining engineer, became the bride of Bradford Milton Olin Christmas Day, the ceremony taking place at the home of the bridegroom's parents, Mr. and Mrs. William E. Olin, in North Orange Drive, with Dr. Theodor Able officiating in the presence of the immediate family only. Following the wedding dinner, Mr. and Mrs. Olin left for their honeymoon trip and will make their home here after their return.

Honor Visitor

Mrs. Marshall F. Rice of Boston and a cousin of Miss Rose E. Tapley of Los Angeles entertained Wednesday afternoon with a tea at her home in the El Cerrito Apartments, 1800 El Cerrito Place, Hollywood, honoring Mrs. Cora Macy, Miss Anita Stewart, Mrs. Stewart, Mrs. Macgregor, Mrs. Vernon Rice, Mrs. Annie Baker, Mrs. Gloria Mayne, Mrs. Ponder and Mrs. Weber.

Engagement Announced

The engagement of Miss Leta Holdridge to George W. Bissand was told Tuesday evening at the Iota Sigma Theta alumnae Christmas party at the home of Miss Pauline Fischer in Wellington Road, the news being disclosed by tiny cards attached to the corsages of holly given each guest. The wedding date is not yet decided upon, but it will probably be an event of the early spring. Miss Holdridge, who is the daughter of Mrs. Clara Holdridge of South Park Road, Berkeley, is an alumna of the University of Southern California, and Mr. Bissand, whose alma mater is Washington College, Indiana, is a member of the Delta Tau Delta fraternity there.

SHE WILL BE WED TOMORROW

Schoolmate to Act as Matron of Honor

(By the Studio, Ambassador)

Mrs. Allan Wilson Gordon

The marriage of Miss Alice May Anderson to Edward Glenfield Barcome will be solemnized tomorrow evening in Wilshire Congregational Church, with Dr. Frank Dyer officiating. Mrs. Allan Wilson Gordon, formerly Miss Melville Clement of St. Louis, a bride of four months, will assist as matron of honor at the ceremony. Mr. and Mrs. Wilson are residing at the Chatham Apartments. Mrs. Gordon and Miss Anderson were schoolmates in St. Louis.

Mrs. F. E. Schilling, Dr. Grace Stralton Almy, Mrs. Kenneth Mendenhall, Mrs. Harold Buckner, Mrs. Bunions, Mrs. Summehamer, Mrs. Macgregor, Mrs. Vernon Rice, Mrs. Annie Baker, Mrs. Gloria Mayne, Mrs. Ponder and Mrs. Weber.

SEA HARNESSING FORECAST

Edison Company Official Believes Pacific Will Supply Power, Irrigation and Water for Homes

"If citizens of Southern California would offer \$1,000,000 to the state who should find a practical, cheap method of harnessing ocean water for irrigation and domestic use, citizens of the world would be at work on the problem within a week, and I believe that within a year a solution to the problem would be found," declared Will H. Fisher, assistant vice-president of the Southern California Edison Company, in an address given yesterday at the Mammie Club.

"Every steamship carries apparatus for desalinating ocean water for use on the voyage and, while so far no process has been invented for desalinating water cheaply and on a large scale, I believe the time will come when our great Pacific will not only furnish us with power to run our industry, but also with water for our homes, and for the irrigation of all the rich soil of our wonderful southernland," said the speaker.

Mr. Fisher, who is Deputy Grand Master of Masons in California, spoke at the Mammie Club, where the Edison Company is holding its annual convention. He was accompanied by his wife and daughter.

HOUSEHOLD SUGGESTIONS

Do Not Wash in Cold Water

A container filled with cold water and soap, will wash clothes in the cold water. It is a good idea to wash clothes in cold water, as it is better for the clothes and it saves money.

The Package of Raisins

If the paper sticks to the package of raisins, place them in the oven for a few minutes and you will be able to pull the paper off easily. It will also cause the raisins to separate and fall apart.

Georgie and Crisp de Chino

When laundering fine materials, such as georgette and crepe de chine, wrap while still damp in a Turkish towel and let stand until they are dry. The material will keep its color longer if this method is employed.

A Cleanse Holder

A wire tumbler holder screwed in the wall close to the kitchen sink is a suitable holder for the tin of cleanser. This can, while an absolute necessity, has a disagreeable habit of leaving a rim of rust wherever it is put down and the tumbler holder eliminates this unpleasantness.

STREET OPENING ASKED

Golf Champions Honor Guests at Breakfast Club

Entertaining news of the most noted golf champions of the world, here for the Los Angeles \$10,000 open tournament, the Breakfast Club met yesterday morning for lunch and eggs in the dining garden on Riverside Drive with members of the Junior Chamber of Commerce.

For the early morning festivities, more than 500 persons, including the memberships of both organizations and the visiting golfers, sat down at the breakfast table.

The elaborate entertainment program had been provided by President Maurice Demand of the Breakfast Club to include a special performance on the stage by the entire cast of "Castles in the Air."

In the presence of officers and members of many Southern California country clubs, several of the golf champions demonstrated their skill in the game of golf on the polo field of the club.

Detailed plans were discussed at the meeting for the grand New Year's Eve party at the Breakfast Club.

VERS HE TORE PAJAMAS OFF

Wife Accuses Husband When He Dressed With Swifter

Charging that her husband, Lawrence Walter Johnson, tore her pajamas from her, twisted her arms on many occasions, and was abusive to her when she danced with her brother, Mrs. Johnson filed suit for divorce in Superior Court.

Mrs. Johnson also charged in her complaint that her husband would become enraged when she attempted to cross him, and that he vented his anger by breaking and destroying furniture.

Unrepentant

"What makes you say I am a disbeliever? I never found her out. She always sticks up for someone I want to talk about," Mrs. Johnson declared.

DEATH NEAR FOR FOUR IN EXPLOSION

Men in Critical Condition as Result of Gasoline Main Bursting at Harbor

Four of the nine men injured by the explosion of a gasoline main at the harbor Tuesday are expected to die, it was reported yesterday. Those in a critical condition are A. C. McLeod, John Wynn and Joseph Fuchs, at the Harbor Hospital, Long Beach, and Thomas Davis, at the San Pedro General Hospital.

Search for the body of H. E. Jaeger, missing and believed dead, was continued by divers yesterday, without success.

The injured men were working under the terminal of the American Hawaiian Steamship Company at North 17th, when a General Petroleum gas main, exploded from accidental ignition of gasoline residue by a welding torch being used to join two pipes.

Harbor Department officials estimated yesterday it will be necessary to rebuild 500 feet of pipe.

Santa's Reindeer Team Overjoyed at Return to Snow-Clad Hills

WHEN Dancer and Prancer and the rest of the famous reindeer team of the jolly old St. Nicholas, arrived at their mountain home in Big Pine, the Los Angeles County Recreation Camp, the other day at the end of their Christmas work, they went wild with delight. Good old Santa had arranged with the weather man for two or three feet of fine, fluffy snow for his faithful workers, and you should have seen the delight every reindeer displayed when they were turned loose in it. They wallowed and frisked, plowed broad paths through the piled-up drifts and chased each other across the snow-clad hills. A glance at the page of pictures taken within a short time after the Christmas steeds had reached their playground, will convince anyone that they were glad to get back after their weeks of hard work. (Photos by H. C. Anderson, Times staff photographer.)

OUR HISTORY IN PICTURES 600

Early Career of the "Alabama" by J. CARROLL MANSFIELD

THE "ALABAMA," A SCREW STEAMER OF 1,000 TONS, WAS THE MOST FAMOUS OF CONFEDERATE PRIVATEERS. SHE WAS BUILT AS THE "HUNTER 200" IN LIVERPOOL, ENGLAND, FOR THE CONFEDERATE GOVERNMENT AND HER PURPOSE AND DESTINATION KEPT A SECRET.

THE MAN WHO COMMANDED THE "ALABAMA" THROUGHOUT HER CAREER WAS RAPHAEL SEMMES, WHO HAD ALREADY WON FAME ABOARD THE CONFEDERATE PRIVATEER, "SUMTER". ON JUNE 30, 1861, SEMMES BOLDLY RAN THE "SUMTER" OUT PAST THE UNION BLOCKADING SHIPS AT THE MOUTH OF THE MISSISSIPPI. AFTER DESTROYING MUCH FEDERAL PROPERTY THE "SUMTER" WAS BOTTLED UP IN GIBRALTAR BY UNION VESSELS AND SOLD TO PREVENT HER CAPTURE.

IN JULY, 1862, THE BRITISH GOVERNMENT, AT THE DEMAND OF ADAMS, AMERICAN MINISTER TO ENGLAND, ORDERED THE "HUNTER 200" TO BE DETAINED. BEFORE ACTION COULD BE TAKEN, THE VESSEL SLIPPED AWAY TO THE AZORES, WHERE SHE WAS TURNED OVER TO CAPT. SEMMES AND TOOK ON GUNS AND MEN. AS THE "ALABAMA" SHE SET OUT TO PREY ON UNION SHIPPING.

ONE OF THE MOST IMPORTANT EVENTS MADE BY THE "ALABAMA" WAS THE CAPTURE OF THE EAST COAST OF AFRICA. SHE TOOK 65 SHIPS AND DESTROYED PROPERTY WORTH MILLIONS OF DOLLARS.

These daily history strips make a unique pictorial history of America. Hundreds are clipping them daily and pasting them in scrapbooks.
